**City of Haslet
ADVERTISEMENT FOR BIDS**

The City of Haslet is requesting competitive sealed proposals from qualified manufacturers for **Emergency Backup Generator and Automatic Transfer Switch** for the FM 156 PUMP STATION IMPROVEMENTS. Proposals will be received by the City of Haslet, addressed to the City Secretary, at 101 Main Street, Haslet, Texas 76052, until **2:00pm Wednesday, August 23, 2023**, and then publicly opened and read aloud in the Community Room at 105 Main Street, Haslet, Texas 76052.

The construction plans, proposed contract documents and technical specifications, upon refundable deposit of \$75, may be obtained at the following location:

Belcheff & Associates, Inc.
3575 Lone Star Cir., Ste 124
Fort Worth, Texas 76177
(817) 431-1800

Deposit will be refunded if the plans and specifications are returned to Belcheff & Associates, Inc., in clean, unmarked condition within 10 -days of the bid opening.

An electronic copy of the construction plans, contract documents and specifications may be obtained free of charge from the Belcheff Project Document Library by going to

https://belcheff.com/project_send/

and submitting a request to join the following project group -

_____FM156 PS – Generator & ATS_____

Upon new user registration and log in, a request to join the group should be submitted under “Edit Account” tab. The website administrator will then make files accessible to the proposer.

The purpose of this request for proposals is to select this certain equipment by the competitive price proposal process in accordance with Texas Local Government Code Chapter 252. After

101 MAIN STREET, HASLET, TX 76052 * WWW.HASLET.ORG * 817-840-3952 *

reviewing all proposals submitted and checking references on the low proposer or to the proposer who provides equipment at the best value, it is the OWNER's intent to enter a purchase contract with the selected equipment manufacturer.

The OWNER further intends to order the preparation of equipment submittals and manufacturer prepared shop drawings, review and approve same, and authorize fabrication and assembly of equipment. After fabrication and assembly has begun and before delivery, OWNER intends to enter a separate contract with a general construction contractor for installation of the equipment. Prior to delivery, OWNER intends to assign the purchase contract to the general construction contractor to ultimately have a single source of responsibility for installation and performance of the equipment. The OWNER has determined that utilizing this procurement method should result in expediting the overall project completion time for the "FM156 Pump Station Improvements" project.

The City reserves the right to waive any informality or to reject any or all proposals.

The successful proposer shall demonstrate adequate and substantial documented experience in the disciplines necessary for providing the equipment for the project. Appropriate instructions and proposer experience requirements are described elsewhere in the bound contractual documents.

Each proposal must be accompanied by a certified check of the proposer, or a bid bond in the amount of 5% of the proposal amount and subject to the conditions provided in the Notice to Proposers.

No proposer may withdraw his bid within 60 days after the actual date of opening.
